

Merit Packaging Sdn Bhd

Co. Reg. No. 1062570-D

since 1983

Shrinkable Film on Roll

We are Professional Polythylene Solution Provider

Shrinkable film on roll is an alternative packaging solution for products, reducing the packaging cost. It uses the unique properties of polymer to shrink and hold products together through heat.

Product Customizing

Films' color and dimension can be customized based on client's requirement

Quality and Functionality Tested

Good friction for stacking and strong shrinking properties, reducing packaging cost

Great Clarity

High clarity for product display without compromising film shrinking stiffness

WHY CHOOSE US?

We had more than 40 years of research, development and manufacturing experience in polyethylene industry

- Owned unique polymer technology
- Using latest multilayer extruder for optimal quality
- Collaborating with multiple national sauce and beverages company

ABOUT OUR COMPANY

Our company started in 1983, Merit has been known for an unparalleled commitment to customer satisfaction. It's this standard of excellence that has provided the impetus for us to grow into the business we are today.
